

## Daytime catering options

*Prices & selection at Sept 2026*

Oscar & Otto, and sister catering arm Hereford Kitchen are committed to providing tasty high quality nibbles for every occasion. All items are handmade using top ingredients to provide a good old-fashioned taste sensation. All items - sandwiches, savoury items and sweets – are \$4/piece unless stated otherwise.

**Dietary** We always include a few GF and vegetarian options for about 10% of your number - but please let us know if you need more or have any other dietary requirements to cater to.

**Item selection** It works best for us if you simply tell us how many items/head you want and our chefs can select a variety of our popular items. But please let us know if you are wanting something in particular and we will try to accommodate this. (Minimum of 20 pieces per item for mini sandwiches, 12 for all else). See example items below.
